

# BOSSWEBBER

Client Kit

Bringing Your Digital Vision to Life

A premium experience designed to convert before we even speak.

# Who We Are

Bosswebber is a premier scalable freelance tech agency founded by Bosco Niyitegeka, operating globally from Rwanda. We transform ideas into powerful, high-conversion digital products.

## Core Services

| Service         | What You Get                                            |
|-----------------|---------------------------------------------------------|
| Web Development | Landing Pages, E-Commerce, Web Apps, SEO Infrastructure |
| Mobile Apps     | Cross-platform iOS & Android apps                       |
| UI/UX Design    | Wireframes, prototypes, modern interfaces               |
| Maintenance     | Security, updates, long-term support                    |

## Our Proven Process

- Discovery & Strategy – define goals and scope
- UI/UX Design – high-fidelity modern design
- Development – fast, secure custom build
- Testing – cross-device validation & revisions
- Launch – deployment + training

# Client Preparation Checklist

- ✓ Define your goal
- ✓ Identify your target audience
- ✓ Choose domain & hosting
- ✓ Collect branding assets
- ✓ Prepare content & images
- ✓ List required pages
- ✓ Plan integrations
- ✓ Set budget & timeline

## Why Bosswebber?

We build fast, scalable, and conversion-driven digital products using modern technologies like React, Next.js, and Tailwind CSS.
